

In recognition of the Public Service in 2020, I would like to thank our members and all public service employees for their continued help in making our communities safe, secure and healthy. Our world has changed so much since the pandemic arrived and for our members who deliver the valuable services Islanders depend on. Never before has the value of public services been so apparent across the province and the country.

As President of the Prince Edward Island Union of Public Sector Employees, I am proud to recognize your contribution, both at work and in your communities, to the health, safety and well-being of all Islanders. You make Prince Edward Island a better place to live and work every day.

Karen Jackson
UPSE President
